THE TWENTIETH CENTURY CLUB.

The new rooms of the Club, at No. 2 Ashburton Place, will be opened next week. There will also be an entrance at No. 14 Somerset Street; and this will be the common and most convenient entrance. The Club will occupy the basement and the two entire floors above it, now having generous and attractive quarters for its work. The three upper floors of the building will be occupied by the Boston Architectural Club, the Boston Society of Architects and the Society of Arts and Crafts, — all of them societies interested in important departments of our own Club's work. Our arrangements are felt to be most advantageous. The rent received for our upper floors ($1,600) is substantially the same as the amount of the annual rent and taxes paid by us for the building. Our own rent for the five years of the lease thus becomes the amount invested for the improvement of the building, about $7,500, or $1,500 a year. The cost of improvement has been a thousand dollars larger than estimated. We should be glad not to have to draw upon Club funds for the furnishing of the new rooms, all our available resources being needed for the educational work of the Club, which we know all feel to be so important. We are sure that members will be willing to contribute a sum sufficient for the adequate furnishing of the rooms. There are members of the Club who ought not to be asked to add to their expenses; there are others upon whom fifty or a hundred dollars will not be a tax, and who will be glad in this way to promote the Club's efficiency. The Council would welcome twelve hundred dollars. Let each one give as each is disposed — remitting to the treasurer of the Club, Mr. S. B. Pearmain, No. 53 State Street. If more than twelve hundred dollars is received, any excess will be paid to the Tenement House Committee for use in its work for better homes for the people. Any special contributions for this important work, from members of the Club or friends whom they may interest, may be sent to the treasurer of the committee, Mrs. Mary Morton Kehew, No. 317 Beacon Street.

For the Council,

EDWIN D. MEAD, *President.*
D. S. SANFORD, *Secretary.*

ART DEPARTMENT.

Plan for effecting Free Loan of Concert Tickets.

It often happens that holders of season-tickets to high-class concerts, being unable to use their tickets by reason of absence or illness, find it inconvenient to arrange to loan them among friends, and that thus the tickets remain unused for one or more concerts. The Art Department of the Twentieth Century Club desires the privilege of making such tickets available for deserving music students.

Arrangements have been made which justify the Department in assuming full responsibility for the safe and timely return of season-tickets left at the following addresses:

Twentieth Century Club, 14 Ashburton Place.
Young Men's Christian Association, Boylston and Berkeley Streets.
Young Men's Christian Union, 48 Boylston Street.
New England Conservatory of Music, East Newton Street.
Perkins Institution for the Blind, Broadway, South Boston.
Music Hall Box Office, Winter Street.

At all except the last of the above addresses, receipts for the tickets will be given, in return for which the owner will again receive the tickets, by mail or in person, in accordance with convenient arrangements described on the receipt. Tickets left at Music Hall may be enclosed in a sealed envelope, marked, "For the Twentieth Century Club," and a receipt will be forwarded by mail from the Club.

All tickets received will remain in the possession of the committee or of the concert management until the time of return to the owner. The tickets themselves will not be actually delivered to students, but will be

made available for their use. The possibility of loss, or of delay in return, is thus eliminated.

While it is desirable that tickets should be in the committee's hands as early as convenient, tickets can be used which reach any of the above places as late as one hour previous to a concert; and tickets for Symphony Rehearsals or Concerts can be used if they reach Music Hall as late as fifteen minutes before the hour of beginning. The same is true with reference to Kneisel Quartet tickets left at the Young Men's Christian Association desk.

The committee's purpose is not to rent the tickets, but to loan them; and no fees will be paid to the owners or exacted of the recipients. The latter will, however, be requested to pay the postal expense involved in sending the tickets; and, in each case, the postage will be refunded to the owner.

Ticket-owners are specially requested to forward tickets by mail to the committee's headquarters. The letter enclosing the tickets may be registered if the owner so desires, and the amount of the fee will be refunded to the owner. But registration of letters to be delivered within the limits of the city is seldom regarded as necessary.

Single tickets for concerts will at all times be welcome.

Correspondence is cordially invited with ticket owners who would permit the use of tickets in this way, should occasion arise.

Each application from a student for the use of these tickets must bear the certification of an accredited teacher of music. With each application a stamped and self-addressed envelope should be enclosed.

Dear Madam or Sir:

It has been suggested that the Twentieth Century Club, as such, should show afresh its affection for its devoted and efficient President by making an appropriate gift to him and Miss Ames at their approaching wedding, which will take place on Thursday evening, the 29th inst.

The House Committee, therefore, brings the matter to your attention in order that you may join with others who are so disposed in giving a dollar each for such a testimonial as the circumstances suggest and the amount received will allow.

Should you wish to contribute, kindly forward the amount to the chairman of the House Committee, Mr. D. C. Heath, No. 110 Boylston Street, and please send in season to reach him by Tuesday morning.

If you will at the same time suggest to the Committee what will, in your judgment, make an appropriate gift, you will still further oblige,

Respectfully yours,

Mrs. MARY MORTON KEHEW,
Miss ROSE LAMB,

THE Tenement House Exhibition will be open to the public at the rooms of the Twentieth Century Club, No. 14 Ashburton Place, daily, from March 7 to March 9, inclusive, from 10 A.M. to 10 P.M. Admission will be free.

The Exhibition will include Models, Plans, Photographs, Maps, Charts and Tables of Statistics, showing existing conditions in Boston and New York Tenement Houses, Model Tenements all over the world, Health Conditions, Poverty Conditions, and Agencies for Betterment, Competitive Plans for Model Tenements, Parks and Play Grounds, etc., etc.

On the three days of the exhibition, each afternoon at 4 o'clock, at the Club Rooms, there will be held a series of Conferences and Public Discussions of the questions involved.

On Wednesday evening, March 7, at 8 o'clock, a lecture upon "The Battle with the Slum in Boston," by Fred E. Haynes and Harold K. Estabrook, the agents of the Tenement House Committee of the Twentieth Century Club, will be given at Jacob Sleeper Hall, 12 Somerset Street. The lecture will be fully illustrated by the stereopticon.

This Exhibition has been prepared for the purpose of stimulating interest in the question of tenement house reform and better homes for the people by placing before the public in concrete form a clear and comprehensive statement and exhibit of existing conditions, so that intelligent action may be taken to remedy them and to prevent their recurrence.

The solution of the tenement house problem lies along three distinct lines:

I. Through the enactment of wise restrictive legislation.

II. Through the building of model tenement houses as commercial enterprises.

III. Through the improvement and proper management of existing old tenement houses and the condemnation of buildings which are unfit for habitation.

It is the duty of every citizen interested in the welfare of the community to take advantage of this opportunity to familiarize himself with the conditions under which decent and respectable workingmen and their families are forced to live.

THE TWENTIETH CENTURY CLUB.

THE alterations and improvements necessary to meet the needs of the Club in the new quarters at 2 Ashburton Place have involved a large expense. It was the intention to cancel the debt of $3,000 incurred in this connection by annual appropriations from the regular receipts during the five years of the lease. With the constantly increasing demands, in the larger life and activities of the Club, it would be a distinct relief and advantage if this obligation could be once for all removed. The Council is sure that the members of the Club will gladly co-operate to this end. If all who can do so with ease will remit $10 to the Treasurer, and those for whom that sum would be inconvenient or a burden will remit $5, the need will be met. The Council trusts that all members of the Club will respond to this appeal, remitting to the Treasurer, Sumner B. Pearmain, 53 State Street, Boston.

Course Tickets will be sold at the following prices:—

Course 3, the class lessons by Professor Wood,	2.00
Courses 4 and 5, by Professor Nash and Miss Cole together	2.00

Single Tickets will be sold for any afternoon or evening lecture or reading, but not for the class lessons, at 25 cents each.

All tickets can be secured by mail or in person from the Secretary of the Twentieth Century Club, 14 Somerset Street, Boston, on and after Monday, September 14. They may also be found at the door before each lecture.

There will be no reduction in the prices of the course tickets at any time during the progress of the lectures.

Professor Mitchell was for one year resident director of the American School for Semitic Study in Jerusalem, and a majority of the stereopticon slides used in his lectures have been made from photographs taken by him. Professor Smith is the author of the volume on the books of Samuel in the International Critical Commentary and of the forthcoming History of Israel in the International Theological Library.

It is expected that those who take the course of class lessons under Professor Wood will make a careful study

of the subject. Certificates will be given to those who desire them upon completion of the course with satisfaction to the instructor.

Arrangements have been made with the Education Committee whereby purchasers of tickets to any of the courses mentioned in this circular may secure tickets at $1.50 each to the course of eight lectures by Professor Richard G. Moulton, of Chicago University, on "The Bible as Literature." This course will be given in the Colonial Theatre, on Boylston Street, at eleven o'clock on Saturday mornings, beginning February 6, 1904.

It is the purpose of these courses to give an intelligent understanding of the Biblical literature and history in the light of modern investigation and study, and to bring the public into direct contact with leading Biblical scholars in our colleges and theological schools. All who are seeking to know what the Bible really is, its origin and development and its literary and spiritual significance, — especially those who are teaching the Bible in the Sunday-schools,— will find these courses profitable. It is suggested that churches take this opportunity to provide their teachers with instruction that is not ordinarily obtainable in the churches.

THE BIBLE AS LITERATURE.

I. Introduction.— Strange position of Bible study at the present time. The current versions of the Bible, correct enough as regards translation, nevertheless give a totally false impression of literary form; yet correct ideas of literary form are an essential for true interpretation. This arises from two causes: (1) Peculiar circumstances in the tradition of the sacred literature through the ages; (2) The slowness with which the pure study of literature is emerging from other studies with which it has been mixed up. Hence the Study of the Bible as Literature, in addition to its study for purposes of Theology or (historic) Criticism.

II. The Book of Deuteronomy presented in its correct literary form, as a series of Orations and Songs embodying a highly dramatic situation.

III., IV. Wisdom Literature.—A certain portion of Scripture is occupied with the philosophical contemplation of life and the universe technically called "wisdom." Four books [*Proverbs, Ecclesiasticus, Wisdom of Solomon*] embody four evolutionary stages of this wisdom. *The Book of Job* presents a dramatic situation in which one of life's great problems is raised: through a succession of speakers the different stages of wisdom are brought to bear upon the discussion of this situation, while a solution is hinted that goes outside philosophy.

V. Prophetic Literature. The popular idea of "prophecy" as "prediction" is founded on a mistaken etymology. In biblical usage a "prophet" is a "spokesman for deity" [*Exodus*, vii. 1]. Hence Prophecy as a department of literature includes: (1) Stories of those who stood forward as representatives of God in the heroic ages; (2) The collected works [discourses, poems, parables, autobiographies, etc.] of those who claimed to speak for God in the literary period.

VI. St. John's Revelation is the grand masterpiece of prophetic poetry: a cycle of visions embodying the New Testament solution of the World Mystery, veiled in forms drawn from the symbolism of the Old Testament.

VII. Story Literature.— Story as a literary term implies, not imaginary matter, but imaginative narration of any kind of matter. The Old Testament is the History of the People of Israel as presented by themselves, story being regularly used as a means of historic emphasis.

VIII. Conclusion.— The literary study of the Bible, though in no way antagonistic to other Bible studies, must in practice be kept distinct. A scheme of such study may be arranged on the basis of four progressive stages: (1) Interest of Story; (2) Masterpieces of Form; (3) The Literary Unit of a Book; (4) Literary Classification, as distinct from historic sequence.

Special Business Meeting

Saturday, January 4, at 3 P.M. A special meeting of the Club is called to act on the following amendments to the Constitution, proposed to the Club by the Membership Committee at the annual meeting on December 14:

Substitute for the second paragraph in the Article on "Membership Committee" the two following paragraphs:

> It shall be the aim of the Membership Committee to invite into the membership of the Twentieth Century Club men and women who are recognized as distinguished or pre-eminent in science, art, religion, government, education, or social service, and also those who in their business, home life, or civic relations have made some contribution to the life of the community, state, or nation, worthy of the recognition of this Club. This rule of eligibility to membership may be liberally interpreted, especially in the case of young men and young women.
>
> The Membership Committee, either upon its own motion, or in response to the request of at least two Club members, may invite into the membership of the Club such persons as are regarded eligible, provided that each candidate shall be approved by the affirmative vote of not less than five members of the Committee, such vote to be taken at stated meetings called for the purpose. Members proposing persons for membership shall certify that they know personally the persons so proposed, and shall give the Committee evidence of their eligibility under the rules. The Membership Committee shall in addition make such inquiries as may be necessary in regard to the candidate's eligibility.

Omit the first paragraph in the Article on "Members."

THE TWENTIETH CENTURY CLUB

SATURDAY LUNCHEONS

In response to the suggestion of the Public Safety Committee, the opening luncheon of the Club will not be held until *Saturday, October 19.* The serious epidemic compels the omission of the luncheon on October 5, and the following Saturday, October 12, is a legal holiday. Announcements of the program for the meeting on October 19 will be sent out in due season.

THE TWENTY-FIFTH ANNIVERSARY

The Twentieth Century Club was formally organized at a meeting held on January 12, 1894. During the coming January, therefore, the Club will have the opportunity to recognize its twenty-fifth anniversary. A special committee to arrange an appropriate celebration of the event has been appointed as follows:

Mr. W. C. Crawford, Chairman; Prof. T. N. Carver, Miss Lotta Clark, Rev. S. M. Crothers, Rev. Edward Cummings, Mrs. J. M. Forbes, Pres. George E. Horr, Mr. F. H. Tucker, Prof. H. W. Tyler.

NEW MEMBERS

One of the best ways in which the Club can recognize its coming anniversary will be to fill its membership up to the constitutional limits. There is opportunity for the election of both men and women members. Every member of the Club is invited to use his privilege to propose to the Membership Committee candidates who are socially effective in the community and will add to the influence and strength of the Club.

OUR PRESIDENT

Mr. George P. Morris has recently become connected with the War Risk Insurance Bureau of the U. S. Treasury Department. This will probably keep him in Washington during the winter.

INFORMATION DESIRED

The Secretary of the Club has been authorized by the Council to secure as complete a list as possible of those Club members who are doing official service in connection with the War and also a list of the sons or other near relatives of Club members actually in service in the United States Army or Navy. A return card is enclosed, which each member is urged to fill out and mail to the Secretary as soon as convenient.
